Dear Parent/Carer

We believe that promoting the health and well-being of our pupils is an important part of their overall education. We do this through our Personal, Social and Health Education (PSHE) lessons via the Jigsaw Scheme. This looks at many topics including all kinds of relationships, physical / emotional health and living in the wider world. The aim of the PSHE course is to help our pupils make safe and informed decisions during their school years and beyond.

Relationships and Sex Education (RSE) is an important part of the PSHE course. We will be teaching lessons about RSE in the second Summer half term which will include topics such as puberty; relationships and communication skills; body image and reproduction. During these sessions, pupils will be able to ask questions, which will be answered factually and, in an age- appropriate manner. Each pupil's privacy will be respected, and no one will be asked to reveal personal information.

Many parents and parent-related organisations promote and support the teaching of good quality RSE in school. Parents are the most important educators of young people in personal issues and many welcome the support that school can offer to supplement their home teaching.

You may find that your child starts asking questions about the topic at home, and you may wish to take the opportunity to talk to your child about issues before the work is covered in school. If you have any queries about the content of the programme or resources used, please do not hesitate in contacting your Class Teacher or PSHE lead Sharon Denton.

If you wish to withdraw your child from the lessons on sexual health and safe relationships would you please return the-opt out slip by Monday 17th May. Class teachers will begin the programme during the week beginning 7th June 2021.
