Friday 16th April 2021

Dear Parents and Carers,

We hope you have all had a lovely Easter Break, it has been wonderful to see so many pupils back in school this week and we look forward to an exciting summer term. We would like to take this opportunity to reassure you however that our current Covid-19 Risk Assessment (available to view on the website) will continue as it has throughout the pandemic ensuring our school remains as safe as it possibly can be. We continue to review the risk assessment and Parent/Carers will be fully informed of these changes throughout. If we can continue to ask for your patience during this time and continued support with keeping to parent/carer drop off times of 9:20-9:40am and pick up 3:00-3:20pm this would be really helpful.

Following the success of previous years, we will be starting the summer term by participating in the NSPCC Number Day. This year it was postponed from the usual February date to Friday 7th May so that all pupils would be back in school to enjoy the event.

Pupils are invited to come into school dressed as numbers or in numbers- this could be a hat, sports shirt, onesie or get creative and be a Numberblock, dice or calculator, for a donation of £1 to the charity. Please send donations in a clearly marked envelope.

In the morning, pupils will be participating in class- based number activities, which will be followed in the afternoon by a **Who Wants to Be a Mathionaire Virtual Quiz**. Unfortunately, we are still unable to invite you in to this school for this event but keep your eyes on the school's Facebook, Twitter and website pages for Maths at Home opportunities, and quizzes and brainteasers throughout the day. We will, of course, also be sharing photographs of what the classes get up to throughout the day!

We look forward to seeing the wonderful way our pupils choose to celebrate numbers and thank you for your continued support.

Helen Maddison
