At Frederick Holmes School we believe that everyone within our school community should be provided with the same opportunities. We believe our school should provide a happy, safe and caring environment where every individual is valued and respected. We aim to foster strong, healthy relationships which show awareness, knowledge, understanding and acceptance of the individual needs of others. Discrimination, harassment or victimisation on any grounds will not be tolerated and all students, staff and parents and carers are made aware of this.

We are committed to ensuring the participation of all our children in the community, curriculum, wider curriculum and culture of the school and aim to provide a broad, balanced, relevant and challenging curriculum through which all children are prepared for a culturally diverse and multi-ethnic society and all have the opportunity to reach their full potential.

Note: - The Schools' Single Equality Scheme should be read in conjunction with HET's Single Equality Scheme (SES), Equality policy and Equality/Diversity policy.

## **Introduction**

All schools have a duty to comply with a large and complex suite of equality legislation. This Single Equality Scheme has been devised to ensure that all our policies and practices meet with all the legislative requirements. In particular, the Equality Act 2010, which provides a single, consolidated source of discrimination law. In respect of this and in consideration of the general duty, this scheme has due regard to the need to:

- Eliminate unlawful discrimination, harassment and victimisation
- Advance equality of opportunity between people who share a protected characteristic\* and those who do not. In particular, to the need to:
  - a. remove or minimise disadvantages suffered by persons who share a protected characteristic that are connected to that characteristic;
  - b. takes steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of persons who do not share it;
  - c. encourages persons who share a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.
- Foster good relations between people who share a protected characteristic and those who do not. In particular, to the need to:
  - a. tackle prejudice, and
  - b. promote understanding

(\*Protected characteristics are explained in more detail in our Equality and Diversity Policies – Pupils and Employees).

Frederick Holmes School's Single Equality Scheme reflects the general and specific duties on schools as detailed in Equality Act 2010. We are committed to responding to all diversity related legislation and feel that a single equality scheme is the best mechanism for achieving this.

This Single Equality Scheme was developed collaboratively and is the result of Frederick Holmes School working with pupils, staff, parents and carers, and school governors. A

number of consultations, discussions, both formal and informal, were held with a variety of our stakeholders.

This scheme is intended to cover all pupils, staff and parents with particular reference to the nine 'protected characteristics': sex, race, disability, religion or belief, sexual orientation, gender reassignment, pregnancy or maternity, age, being married or in a civil partnership.

### **School Context**

Our relentless commitment to inclusion and securing equality of access for all is underpinned by our understanding of the context in which we work and the range of vulnerable children and families.

Frederick Holmes School currently has 89 children on roll from 2 to 19 years.

100% of our children are identified as having SEND due to the nature of the school.

Frederick Holmes School has 42% of children entitled to free school meals.

The % of EAL pupils is 18% and MEG pupils is 22%. The main language spoken, other than English, is Polish.

School data shows that a substantial proportion of children enter our school with skills and knowledge below those typical for their age. Speech and language delay is a particular concern.

Attendance is lower than the national average and is generally around 88%. This is due to the nature of our children's disability and the high medical needs that many have.

Exclusions remain a last resort in our school. There have been no permanent or fixed term exclusions in the past 15 years.
