

Activities to Support Home Learning Summer 2024

Explore, Inspire, Enrich

Class: Ducklings

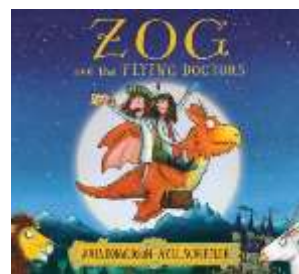

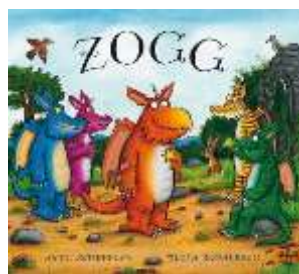

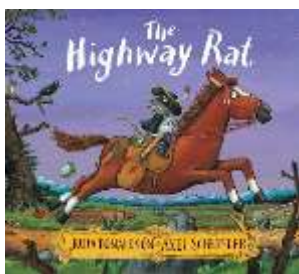

Explore & Inspire

Curriculum Overview:

- In English, we will develop our speaking and listening skills using Pobble to explore new ideas using our imagination. We will also think about the characters in many Julia Donaldson books.
- In Maths, we will continue to practice our counting, addition and subtraction. We will also learn how to weigh ingredients and measure the length of objects.
- In Science, we will learn all about our 5 senses and put them to the test in different investigations.
- In History, we will think about how nurses have changed since the Victorian times with Florence Nightingale.
- In Computing we will think about how to keep safe on the internet.
- In Religion and World Views, we will be thinking about Ramadan and celebrating Eid.
- In PSHE we will be learn about ourselves and our bodies.
- In Art we will be looking at the work of Frieda Kahlo and creating our own self-portraits.
- In Design and Technology, we will be exploring prints and will make our own printed tote bag!

Enrich

Core Book(s): Julia Donaldson books!

Activities to Support Home Learning **Summer 2024**

Explore, Inspire, Enrich

Activity Ideas:

Go on a smelly hunt

Find a range of different smelly things around your home. Can you find 5 different smells?

Go on a noisy hunt

Help your family find 5 different noisy objects. Can you make your own noises? Can you hear different noises outside?

Go on a touching hunt

Move around and find lots of different textures. Can you find something sticky? Something rough? Something smooth? Something prickly?

Seaside vs countryside

Revisit the seaside and see what you can find. Can you find the sand? Sea? Seagulls? Can you smell the chip shop and hear the music?
Now visit the countryside. How is it different? Now what can you find?
